Avant Technologies Launches Advanced AI Supercomputing Network and Expansive AI Data Solutions

LAS VEGAS, April 23, 2024 (GLOBE NEWSWIRE) -- Avant Technologies, Inc. (OTCQB: AVAI) (the "Avant" or the "Company"), an artificial intelligence technology (AI) company specializing in the development of advanced AI and data center infrastructure solutions, announced today that it is introducing a state-of-the-art supercomputing network and comprehensive licensable dataset. Avant will be collaborating with its technology partner, Wired4Tech, to launch these pivotal developments, which are engineered to accelerate AI adoption and innovation across a broad spectrum of industries.

Avant's Chief Information Officer, Danny Rittman, said of the launch, "Avant's supercomputing network and our expansive licensable dataset will facilitate significant advancements in AI-driven solutions.

"By providing robust computational resources and a rich dataset, Avant is set to eliminate many of the technical and financial barriers that have traditionally hampered AI development. This initiative aims to empower developers with the tools necessary to create more sophisticated and efficient AI models, driving progress and innovation in innumerable fields."

Highlights of Avant's Offerings:

Versatile AI Dataset: Available from Q3, this dataset will be regularly updated to support a wide array of AI projects, providing a solid foundation for development, and reducing the time to market for AI solutions.

Dynamic Resource Scaling: The network dynamically adjusts computing resources to meet real-time demands, maximizing efficiency and minimizing costs.

Accelerated AI Processing: Utilizes cutting-edge distributed computing to dramatically reduce data processing times, enabling rapid iteration and deployment of AI models.

Robust Security Measures: Top-tier security protocols are in place to ensure data integrity and compliance with stringent regulatory standards.

Seamless Integration: Designed to integrate smoothly with existing AI development environments, minimizing disruptions and simplifying technology adoption.

Avant is committed to advancing the AI landscape by providing scalable solutions that will benefit diverse sectors looking to harness the power of artificial intelligence.

About Avant Technologies, Inc.

Avant Technologies, Inc. is an artificial intelligence technology company specializing in creating and developing innovative and advanced AI infrastructure solutions designed to revolutionize the landscape for AI software development companies and other companies that require immense, scalable computing power, such as scientific simulations, climate modeling, protein folding analysis, and big data processing. The Company also employs its highly sophisticated machine and deep learning AI system, Avant AI[®], to function as both a versatile and customizable AI solution in a host of industries and applications.

Forward-Looking Statements

Certain statements contained in this press release may constitute “forward-looking statements.” Forward-looking statements provide current expectations of future events based on certain assumptions and include any statement that does not directly relate to any historical or current fact. Actual results may differ materially from those indicated by such forward-looking statements because of various important factors as disclosed in our filings with the Securities and Exchange Commission located at their website (<https://www.sec.gov>). In addition to these factors, actual future performance, outcomes, and results may differ materially because of more general factors including (without limitation) general industry and market conditions and growth rates, economic conditions, governmental and public policy changes, the Company’s ability to raise capital on acceptable terms, if at all, the Company’s successful development of its products and the integration into its existing products and the commercial acceptance of the Company’s products. The forward-looking statements included in this press release represent the Company’s views as of the date of this press release and these views could change. However, while the Company may elect to update these forward-looking statements at some point in the future, the Company specifically disclaims any obligation to do so. These forward-looking statements should not be relied upon as representing the Company’s views as of any date after the date of the press release.
