Avant Technologies Partner, Ainnova, to Sponsor and Present at 2025 Healthcare Innovation Summit in Mexico City

LAS VEGAS, NV / [ACCESS Newswire](#) / April 2, 2025 / Avant Technologies Inc. (OTCQB:AVAI) ("Avant" or the "Company"), and its partner, Ainnova Tech, Inc. ("Ainnova"), a leading healthcare technology company focused on revolutionizing early disease detection using artificial intelligence (AI), today announced that Ainnova will be a sponsor and its CEO, Vinicio Vargas, will be a featured speaker at the 2025 Healthcare Innovation Summit in Mexico City, Mexico.

Mr. Vargas, who will be presenting today, will discuss, "Preventative Healthcare with Artificial Intelligence: Breaking the Status Quo."

Avant has partnered with Ainnova to form Ai-nova Acquisition Corp. ("AAC") so the two companies can advance and commercialize Ainnova's technology portfolio. AAC has the global licensing rights for the portfolio, including its Vision AI platform and its versatile retinal cameras, and Ainnova's CEO continues to advance awareness of the technology portfolio and its robust uses in healthcare as a featured speaker at healthcare conferences globally.

The Healthcare Innovation Summit Series is a worldwide event taking place in numerous countries simultaneously, and it unites key regional stakeholders, including government officials, regulators, hospital administrators, payers, investors, innovators, and clinical experts, to foster discussions that lead to real-world healthcare transformation. At the 2025 Mexico Healthcare Innovation Summit, attendees will address critical conversations about healthcare systems optimization, digital transformation, diagnostic and therapeutic technology, and healthcare infrastructure.

About Ainnova Tech, Inc.

Ainnova is a Nevada-based healthtech startup with headquarters in San Jose, Costa Rica, and Houston, Texas. Founded by an experienced and innovative team that is dedicated to leveraging artificial intelligence for early disease detection. Recognized with multiple global awards and renowned partnerships with hospitals and medical device companies, we proudly introduce VisionAI - our cutting-edge platform designed to prevent blindness and detect the early onset of diabetes. Explore how Ainnova is revolutionizing healthcare through advanced technology and proactive solutions.

About Avant Technologies, Inc.

Avant Technologies Inc. is an emerging technology company developing solutions in artificial intelligence in healthcare. With a focus on pushing the boundaries of what is possible in AI and machine learning, Avant serves a diverse range of industries, driving progress and efficiency through state-of-the-art technology.

Forward-Looking Statements

Certain statements contained in this press release may constitute "forward-looking statements." Forward-looking statements provide current expectations of future events based on certain assumptions and include any statement that does not directly relate to any historical or current fact. Actual results may differ materially from those indicated by such forward-looking statements because of various important factors as disclosed in our filings with the Securities and Exchange Commission located at their website (<https://www.sec.gov>). In addition to these factors, actual future performance, outcomes, and results may differ materially because of more general factors including (without limitation) general industry and market conditions and growth rates, economic conditions, governmental and public policy changes, the Company's ability to raise capital on acceptable terms, if at all, the Company's successful development of its products and the integration into its existing products and the commercial acceptance of the Company's products. The forward-looking statements included in this press release represent the Company's views as of the date of this press release and these views could change. However, while the Company may elect to update these forward-looking statements at some point in the future, the Company specifically disclaims any obligation to do so. These forward-looking statements should not be relied upon as representing the Company's views as of any date after the date of the press release.
